Why Choose Dynamic X Plus for Construction?

Unmatched Accuracy

Present your construction projects with photo realistic accuracy and detail.

Innovative Technology

Harness the power of CGI, VR, and interactive tools to impress and engage.

Better Communication

Simplify complex ideas for stakeholders and clients with clear, impactful visuals.

Our Value Models

Fixed Price

You set the budget, we stick to it. The full scope, requirements, terms, and specifications are agreed upon before the start of the project and can't be changed later.

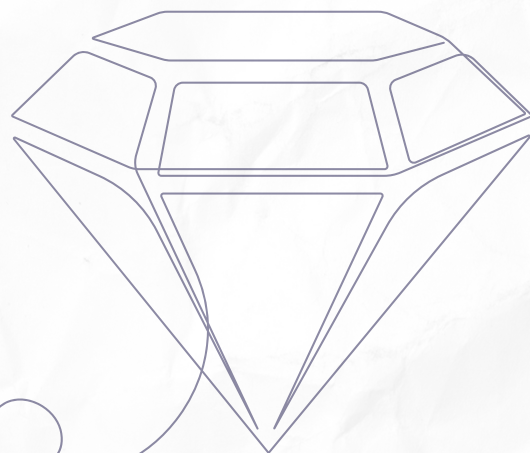

Time & Material

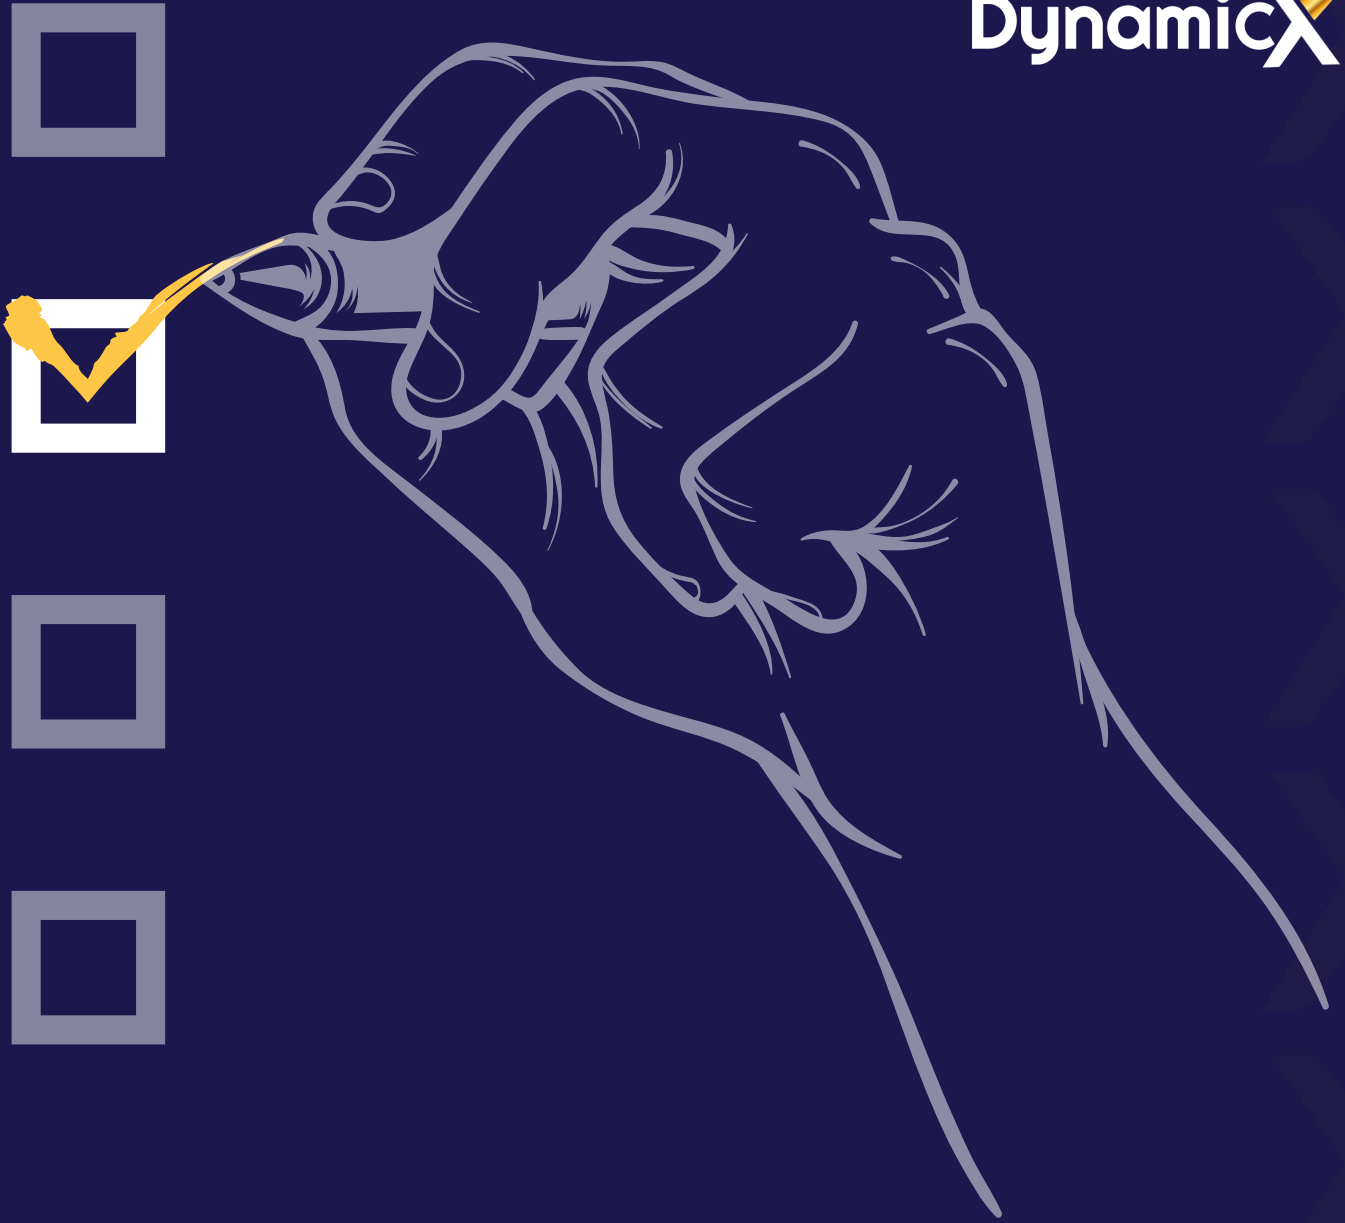

This calculates cost based on time and material spent, leaving room for changes to the budget and scope of the project over time.

Dedicated Team

A complete team (or a single expert from our staff) joins your existing specialists on the project. This team stays under your management and can be scaled up/down over time.

What You Can Choose

Flexible contract terms and hourly rates
 Exact development plan and documentation
 Clearly predefined requirements and timelines
 Fixed estimation of project costs
 Scalability and flexibility of term
 Easy communication with any team member
 Strong PM and all round QA included
 IP protection and NDA
