Our expert team combines artistry with cutting-edge technology to bring your ideas to life. Step into a world of limitless possibilities with Dynamic X Plus, where creativity knows no bounds!

What We Offer

Our Services

[Explore More](#)

At Dynamic X, we bring property visions to life with cutting-edge CGI and immersive solutions designed to captivate. From photorealistic renders and 3D animated walkthroughs that tell a story, to interactive applications and VR experiences that immerse buyers, we ensure every detail reflects the essence of your development. Our real-time rendering and 360 virtual tours provide instant insights and unparalleled perspectives, while bespoke property brochures combine stunning visuals with compelling narratives. Whether it's exploring or presenting, our services empower developers to showcase their projects with precision, innovation, and impact.

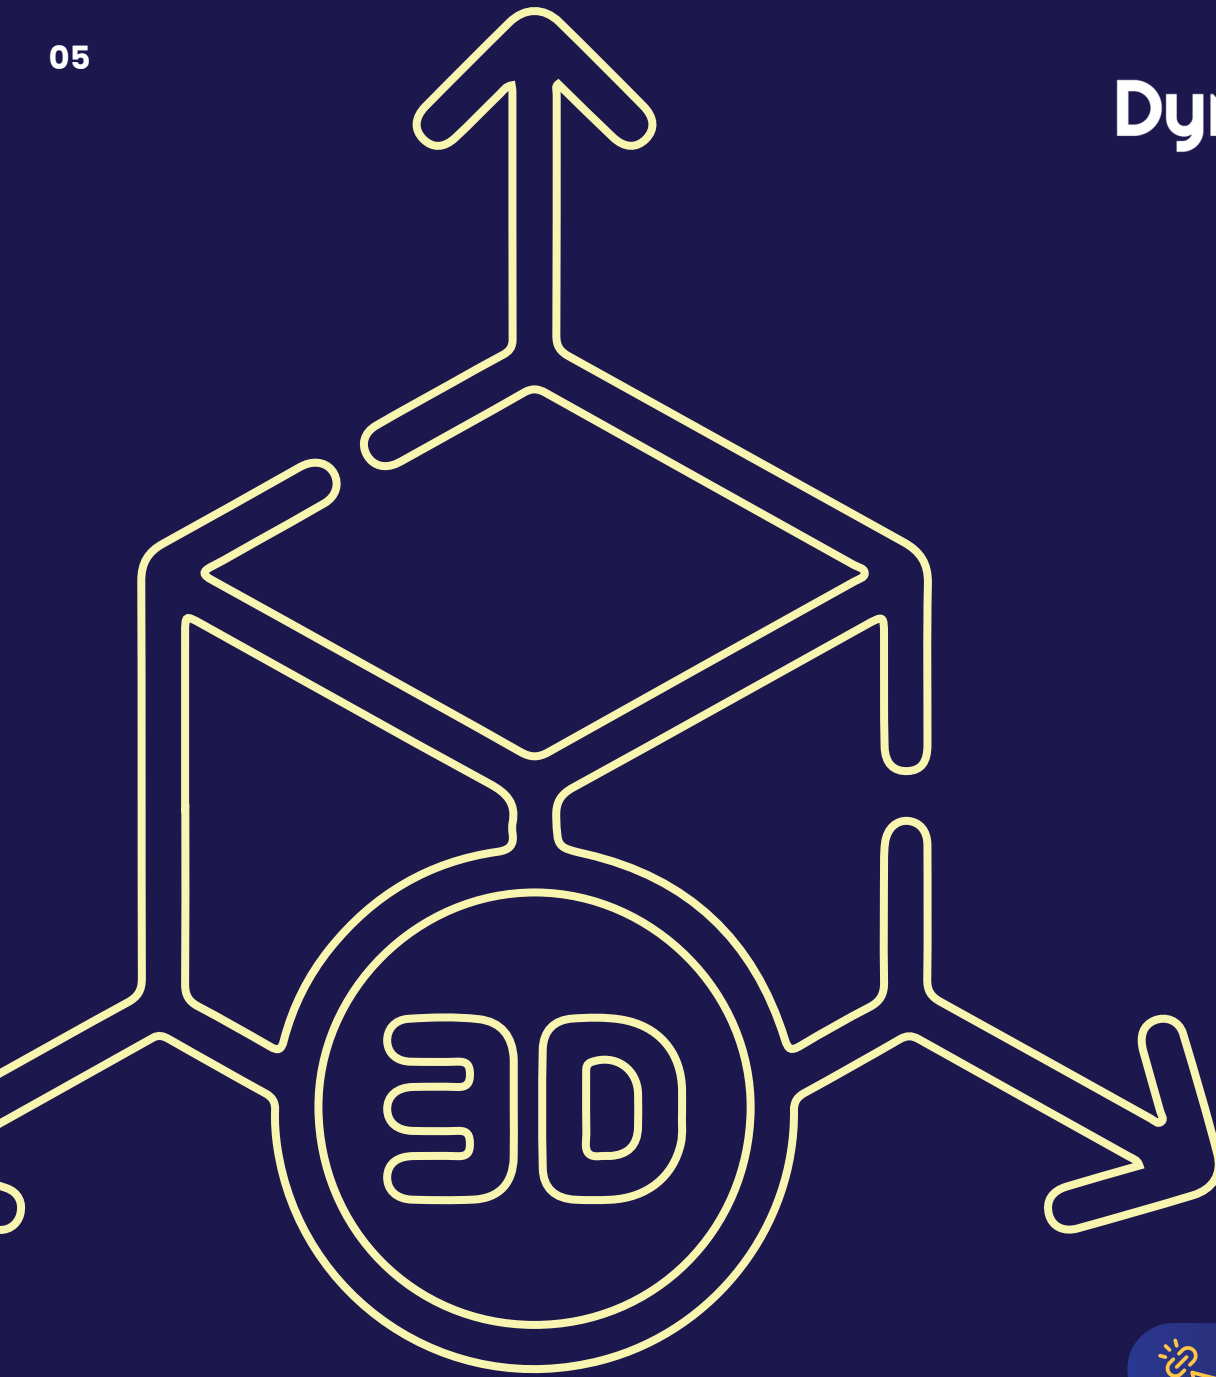

CGI

Where vision meets detail, our CGI renders set a new benchmark for realism. Every corner, texture, and light source is meticulously crafted to reflect the true essence of your property. This seamless fusion of artistry and precision transforms each image into a masterpiece that not only showcases the physical attributes but also captures the atmosphere and purpose of the space. With our CGI, every detail tells a story, elevating your property to its highest potential.

3D Animated Walkthroughs

Bringing your dreamt journey to life, our 3D Animated Walkthroughs aren't just tours; they're experiences. We take your buyers through a story-led journey, highlighting the property's most remarkable features and inviting them to feel the space as if it were their own.

Interactive Walkthroughs

Let your audience take the lead with our Interactive Walkthroughs, which are designed for exploration. With a fully immersive experience, buyers can move through the property, discovering spaces and details on their own terms, making each interaction uniquely memorable.

Interactive Applications

Our bespoke Interactive Applications let users engage with your property design directly at their fingertips. It's not just a visual; it's an interactive experience that places them right inside your development.

Real-Time Rendering

Experience the power of instant visualisation with instant feedback and seamless decisions. With Real-Time Rendering, you see design changes in the moment, empowering you to make informed choices on the spot.

VR Application Development

We specialise in crafting bespoke VR applications that bring your property to life. Each application is a fully immersive, interactive experience that captures the essence of your development, blending visionary creativity with meticulous detail. By tailoring every element to your unique space, we ensure your audience is completely captivated, offering them an unparalleled perspective that feels both personal and profound.

Our Value Models

Fixed Price

You set the budget, we stick to it. The full scope, requirements, terms, and specifications are agreed upon before the start of the project and can't be changed later.

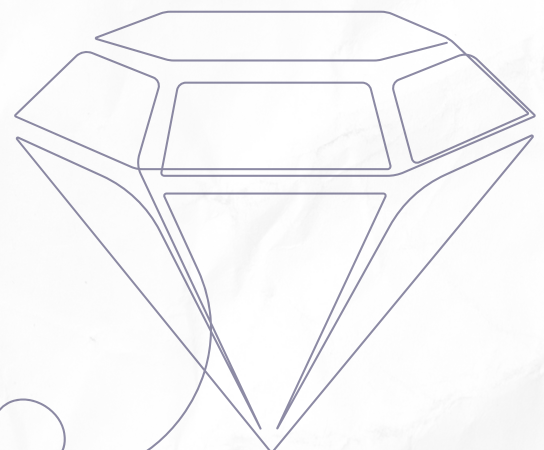

Time & Material

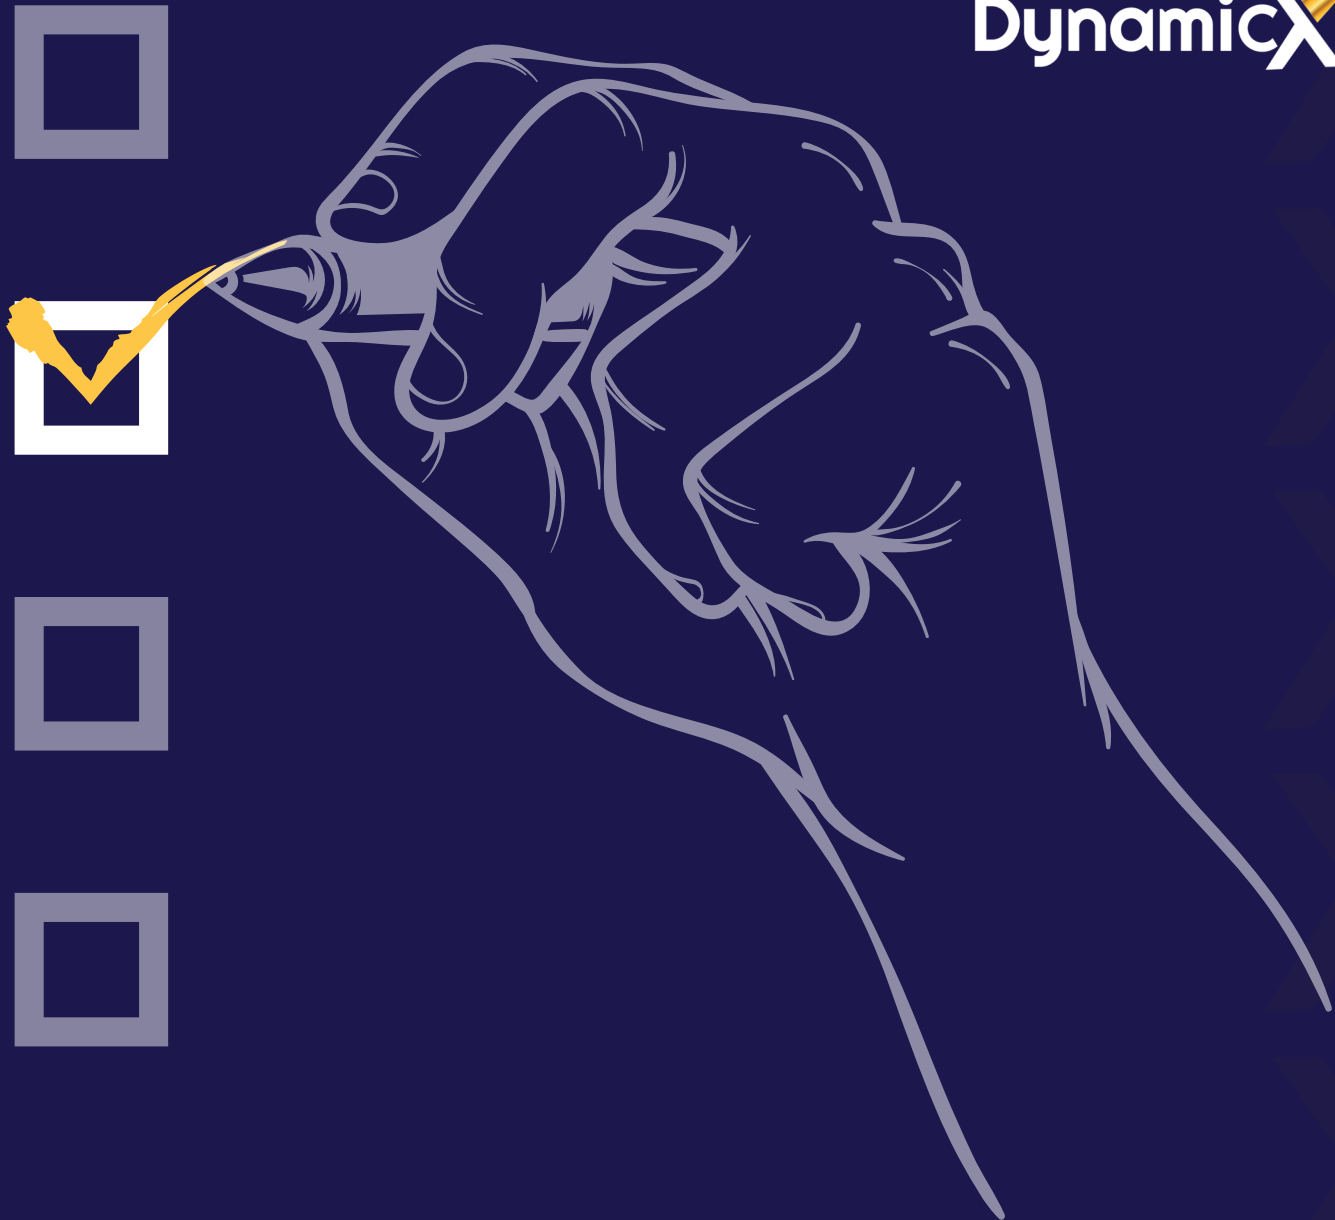

This calculates cost based on time and material spent, leaving room for changes to the budget and scope of the project over time.

Dedicated Team

A complete team (or a single expert from our staff) joins your existing specialists on the project. This team stays under your management and can be scaled up/down over time.

What You Can Choose

- Flexible contract terms and hourly rates
- Exact development plan and documentation
- Clearly predefined requirements and timelines
- Fixed estimation of project costs
- Scalability and flexibility of term
- Easy communication with any team member
- Strong PM and all round QA included
- IP protection and NDA
